LAYOUT

- Use the column layout provided to clearly separate your information.
- Clearly label each section with the appropriate heading (e.g. Abstract; Methods; Results)
- Emphasize your results with figures, graphs, and tables.

IMAGES

- Image resolution should be a minimum of 72 dpi at the actual size.
- Save images as .jpg and line art (e.g. graphs) as .png files.
- Web images may have poor resolution. View your images at 100% magnification to ensure they look clear.
- When scaling an image, remember not to make distortion.
